THIRTEENTH YEAR

## MOTOR AND AUTO RACES A SURE GO

Weather Conditions Permitting, a Through Valley Run Will Be Made From Wellsville to Preston

The big motorcycle and automobile race from Wellsville to Preston on Saturday via Hyrum will start promptly at nine o'clock. The commissioners, and Sheriff would like to have the people on the road on the look out for the races as the riders will be traveling at top speed. Accidents can be avoided very nicely if persons traveling on the road will use a little precaution. The mayors in each of the towns through which the riders pass will have their officers advised to assist in clearing the way for the drivers.

The committee in charge, Harry Stoney, J. E. Passwater and the Hon. Mayor Gunnell, request that both motorcycle riders and automobile drivers to be in Wellsville before nine o'clock as the races will start promptly at the appointed time. Positions will be drawn for and numbers given at the starting point. Nothing but stock motorcycles and stock automobiles will be permitted to enter. Drivers and riders must be Cache valley citizens and the cars which enter must be owned in this valley. Automobiles must not be stripped, nor must motorcycles. Cars and motorcycles will not be allowed to start if such is the case. The prizes are as follows:

Automobile, \$75 first prize, \$15 second; \$10 third, at least five to enter. Entrance fee is \$2.50. Motorcycle race, \$50 first prize; \$10 second and \$5 third. At least five to enter. Entrance fee \$2.50. All should be there in time to start in order that there will be no disappointments.

## CLEAN-UP DAY AT PROVIDENCE

Providence, April 14.—Thursday, April 15 is Cleanup day in Providence. All the young men will turn out with teams, wagons, rakes and shovels and clean up the town. The ladies of the wards are going to prepare dinner for them at 12 o'clock noon, and in the evening there will be a free dance given by the town board for all who take part in the affair. A good time is expected for all who turn out, both young and old.

Providence is on the build as any one can see there is Mr. D. W. Chugg who is building a fine bungalow. Mr. Fred Rooster is building and improving his home. Mr. Godfrey Stauffer is making some fine improvements to his home.

Mr. Reddish from Lind, Idaho has purchased the property formerly belonging to the old Co-op store and has a new building under way where he will open up a store in the near future.

Theurer Brothers are also building and enlarging their place of business.

It looks as though we will have some city after awhile.

Mr. Jess Jensen and Less Checketts have added some to their stock and are doing a fine business.

Mr. and Mrs. W. H. Chugg are rejoicing over the safe arrival of a fine baby boy. Mother and babe are doing nicely.

Mr. Maurice Marler has returned home after spending twenty-seven months in the mission field. He spent some twenty-one months in Germany and the remainder of the time in the Northern States. He is seen shaking hands with friends and says he is glad to be back home. He relates some very great experiences of the war zone.

Mr. Leland Pickett is seen around again after being laid up some time with a broken leg.

Mr. William Checketts has purchased a new automobile and is seen spinning around with his family real often.

There is some talk of several of our citizens investing in machines in the very near future.

Mrs. Warren Knudson is here visiting with her parents Mr. and Mrs. E. P. Hansen.

Our Pocatello Valley farmers have

## THOMAS S. FRIDAY

## FUNERAL TODAY AT PROVIDENCE

Well Known Citizen to Be Buried in Logan Cemetery Following the Services

Today at 2:30 o'clock, the remains of Thomas S. Friday will be removed to the Providence First ward meeting house where funeral services will be held, following which interment will be in the Logan cemetery. The many friends of deceased may view the remains at the family residence until 1:30 o'clock.

## A DAUGHTER OF THE PEOPLE BY LAURA SAWYER

A wealthy man marries a girl, concealing from her the fact that the ceremony was illegal. When the truth is revealed to the world, the man finds that he is sincerely in love with the girl. She, however, wants to go back to the man she left. When she does, he rejects her and she finds that she is no longer welcome by her own people. Then the devotion of the "other man" wins her and a legal marriage makes them, it is to be hoped, happy. As settings for this story, the producer has selected many strikingly beautiful scenes. The burning bill provides combined sensation and spectacle.

The strike of the workmen, their attack on Stillman's home, the love scenes of Stillman and Dell Hamilton, the rupture between Stillman and his partner, over Dell, all these provide exciting moments in an exciting offering. Superlative photography is one of the features of this offering which is stereoscopic and panoramic in parts.

Laura Sawyer as Dell has a part that brings out her fine acting abilities, whilst Robert Broderick as her lover and Frederick de Belleville as his partner, are at their best in the roles of the "big men" of the play.

## MUTUAL ASS'N. FINALS TONIGHT

M. I. A. stake finals will be held this evening in the Tabernacle at 7:30. All contestants to be present at 7:15. There will be contests held in the following activities: Advanced Senior public speaking; senior public speaking; retold stories; junior girls chorus; male quartet; ladies quartet; mixed double quartet. The public are cordially invited to attend and particularly all Mutual workers are urged to be present.

all gone out to their farms for the summer and our farmers here are all busy putting in the crops.

The young men of our town are organizing a baseball team and say that they have some very good players and will play our surrounding towns during the season.

There are some of our town people going to Preston on the 17th to join in the celebration of the interurban road reaching that city, and to be present at the big barbecue which is to be held there.

## WILL CACHE HAVE COUNTY FAIR IN 1915?

To find the real dairy cattle one must go to the north end of the valley, especially at Richmond and Lewiston. The excellent display of cattle made on Black and White Day at Richmond was a credit to the county and it was well worth the time of any one interested in community efforts, to attend. These breeders are trying to work in unity for the good of the community and with a view broad enough to see that by concentrated effort they will establish a reputation for a high type of dairy cattle. They already have this reputation now in the county, state and intermountain states. Perhaps there is no community in the intermountain country that can make a better display of one breed of dairy cattle than was shown on "Black and White Day" at Richmond. The county fair has helped to advertise these cattle and encourage the breeders.

The Cache County Fair has been in operation for four years. It is filling the measure of its creation. It has paid its premiums and expenses and added new buildings each year. Thanks for the liberal patronage of the people of the county and the appropriations, but more producers and breeders are working up to the situation. They are finding out the value of the fair and are demanding more space, so much so, that last year some had to be refused because of the lack of space for more exhibits.

If the fair is to continue it must have its usual appropriations, as this is necessary to pay off the premiums. The gate receipts have never paid for more than the general expenses and some of the improvements, so without the appropriation, no premiums could be paid.

The special tax levy for the past four years has read, "for county fair purposes." Let us use it for that purpose. We cannot afford to do otherwise. Our own interests first and then our neighbor's. Concentrate our efforts on Cache county and put her on a profitable basis and she will thrive. Scatter her forces and she will have no strength on which to stand.

There has been no precedent established where county or state fairs have been held without special appropriations for their maintenance, and with it a large majority fall short.

The state fair went behind last year \$14,000, but still it is maintained. The governor with all his vetoing and cutting down appropriations passed by the Legislature, saw to it that the appropriation for \$30,000 passed for the state fair. It is looked upon as an industrial institution and is essential for the welfare of the state, and adds to the commonwealth of the people.

It is to be hoped the commissioners of Cache will have the same interest in the welfare of this county as the governor has in the state's.

## DRAW FIRE OF TURKISH FORTS

London, April 14.—Reuter's Tenedos correspondent, telegraphing on Tuesday, says:

"The British torpedo boat destroyer Renard entered the Dardanelles yesterday on a scouting mission and ran up the straits at high speed for over ten miles, penetrating the waterway probably farther than any of the British ships have yet done. A heavy fire was directed at her, but the destroyer was not hit.

"The British battleship London, which followed the Renard into the straits, drew most of the enemy's fire. The batteries on the Asiatic side, especially the howitzers behind Erenkui, were active, but those on the European side were quiet. Possibly the Turks have withdrawn part of their artillery on the European side in order to be able to pass it quickly at any spot the allied armies may choose for a landing.

"The battery bombarded by the Triumph Saturday apparently is permanently out of action.

"The weather is rainy and murky, hindering aerial reconnaissances."

## Billy Sunday Ready to Give Knockout Blow to Satan.

Photo by American Press Association.

This is one of the characteristic poses of the strenuous evangelist who is now stirring up religious enthusiasm in Paterson, N. J. On the day of the big championship fight between Willard and Johnson in Havana Sunday posed for the camera men in a mimic battle with the devil. Sunday, by the way, can handle his dukes. He is in fine physical shape, due to his long career on the baseball diamond.

## BASEBALL AT PRESTON ON SATURDAY

South Cache Team Composed of Local Players. Stoney to Manage the Team

Logan will take considerable part in Preston's activities on Saturday. The baseball team to represent South Cache will be managed by Harry Stoney and will be picked principally from local players. The North Cache team will be selected from Lewiston, Richmond and Preston. Of those who will probably be in the South Cache baseball team lineup will be as follows:

Cummings, catcher; Rose, pitcher; Lamont Allen, first base; A. Barron, second base; Musser, short stop; Garr, third base; Skanchy, left field; M. Allen, center field; W. Thorp, right field; Squires, utility.

## RAY WATERS DIED YESTERDAY

Will Be Buried Today at Rigby, Idaho Was Well Known Here

Ray Waters died at his home at Rigby, Idaho Wednesday morning according to a telegraphic dispatch received by Hyrum Hayball of this city. Mr. Waters was formerly a student at the U. A. C. He left school to enter the employ of the Utah Mortgage Loan Corporation and later was employed as bookkeeper at the First National Bank. Owing to poor health he was forced to give up this work and for several weeks has been in a critical condition. A stomach derangement was the cause of his sickness and death.

Funeral services will be held at Rigby, Idaho.

M. I. A. stake finals tonight at 7:30 in the Tabernacle. Admission 10 cents.—Adv.

## ANOTHER OIL COMPANY TO BE ORGANIZED

Cleveland, Ohio, Capital Said to Be Behind the New Company

We were informed yesterday by Thomas P. Wharton of the Utah Oil and Gas Company that a new oil development company is to be organized within the next few days for the purpose of driving for oil and gas in this valley. The company is to be organized under the laws of this state but is to be controlled entirely by eastern capital.

Mr. Wharton stated that a correspondence has been going on between himself and certain interests in Ohio and the money will be raised in the east entirely for the purchase of the rig for drilling for oil. Active development is said to be started at once. The men with whom a correspondence has been had, have been identified with the oil fields of Pennsylvania, California and Ohio and from the reports given them, they are fully satisfied oil can be had in Cache Valley.

## UNEXPLODED TORPEDOES MENACE TO NAVIGATION

Paris, April 13.—A communication given out today by the French ministry of marine declares that the Germans have again violated the Hague convention in their sea warfare.

Article 1 of the Eighth Hague convention provides that torpedoes carry an automobile attachment that will cause them to sink if they do not explode and thus cease to be a menace to navigation. German torpedoes recently discovered in the English channel, the announcement declares although unexploded were still floating.

An examination showed that the submarine appliance had been tightly caulked, permitting them to float on the surface of the water.

## YESTERDAY'S FIRE CAUSED MUCH DAMAGE

Stock of Millinery and Ladies Furnishings Has Close Call

The fire department was called to the rescue of the T. D. Roberts' building about four o'clock yesterday afternoon and had it not been for the spraying nozzle which did effective work in the basement there is little doubt that the stock and building would have today been in ruins.

The cause of the fire is not known, but it is supposed that Mr. Roberts left a burning candle in the basement which soon burned down and set fire to the straw hats which are always kept in the basement. The first evidence of fire was detected when smoke was seen coming through the window bars on the sidewalk. As soon as the cellar door was opened a blaze broke out and it looked as if the building was doomed. The fire department responded quickly and as soon as a hole was chopped into the floor of the building and spraying nozzle put to work, the cloud of smoke which was belching from windows and doors, subsided and it became evident the fire was under control.

At this time of year, Mrs. Roberts carries a heavy stock of spring merchandise. Its value was not known as it is not customary to take an inventory. However, one merchant placed the valuation of the stock of merchandise at \$25,000, that he said was conservative. One thousand dollars of insurance is carried on the building and three thousand on the stock. The damage will in all probability reach this amount.

## ASKS FOR TIME TO REPAIR SHIP

German Raider's Commander Urges Speedy Action by United States Authorities

Newport News, Va., April 13.—Lieutenant Captain Thierfelder, commander of the German converted cruiser Kronprinz Wilhelm, delivered to Collector of Customs Hamilton late today formal request for time to repair his ships in this port.

The letters were forwarded to the secretary of the treasury and their contents not divulged.

While it is understood the German commander asked for three weeks as a maximum, he stated he would make every effort to complete temporary repairs and leave port before that time.

Captain Thierfelder did not request coal and provisions, explaining that he would do this when the Washington government has decided how long he may remain in neutral waters. Unofficially the captain of the Kronprinz Wilhelm urged that action regarding his ship be expedited and in this connection asked the state department through the German embassy to have the naval board make an examination at once.

While opinion prevails here that the Wilhelm will intern, Captain Thierfelder insists he must return to the high seas.

## 33,000 ENGLISH WOMEN REGISTER FOR WAR SERVICE

London, April 13.—Thirty-three thousand women had registered themselves for special war service up to the end of March. Walter Runciman, president of the board of trade, tonight told a deputation representing the various women's societies in London.

Six thousand of the women, Mr. Runciman said, had declared themselves willing to work in armament factories 4000 in clothing factories, 1700 in dairy work, 500 as gardeners, 2000 in various branches of agricultural work, 1100 as shop assistants, 500 as leather workers and 5000 in clerical work.

The government, the speaker continued, insisted that women employed on government contract work be paid the same piece rates as men.
